ANTHRACITE WIRELESS ASSOCIATION

EXTRA * FIELD DAY ISSUE * EXTRA

The Anthracite Wireless Association meets once monthly- 3rd. Saturday.

FIELD DAY * * *

The first annual field day to be attended by the AWA will go on as in past years with other club affiliations. The AWA will set up their gear at Locust Valley north of Tuscarora and about 8 mile north of Tamaqua, about 3 miles south of Barnesville. For details attend the next AWA meeting and get in on the final plans.

The next meeting will be June 21,1958 at the QTH of W3ZRQ. All AWA members invited and candidates requested to have their application for membership in at this meeting so as to be eligible for Field Day participation. Don't forget the time - 8 o'clock SHARP -

Feed Back * *

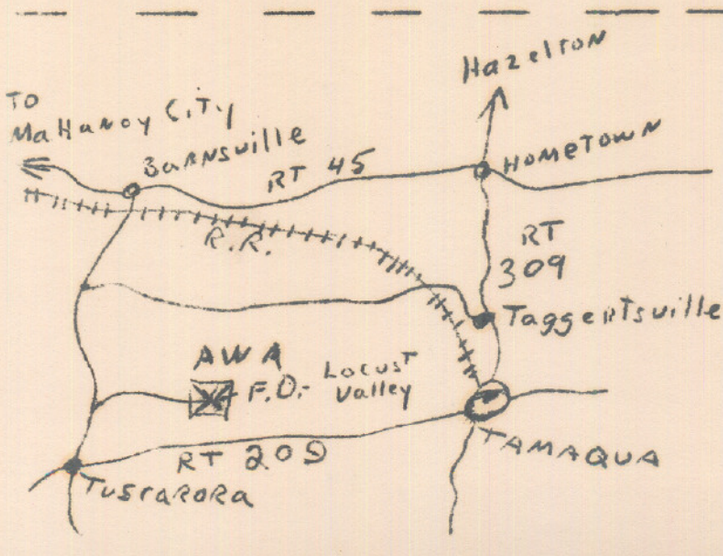

The AWA was mainly organized to maintain a standing group of operators that can be counted on in case of a local emergency. Also to uphold the aincient art of sociability and fellowship. There seams to be a number of local ops that think differently. We still wish to invite these ops to any and all meetings and try to convert their differences of opinion conserning our fine social cooperatinn. Your ideas can only be thrashed out at these meetings and gatherings. Keepin them under your hat and hibernateing will not help your fellow Ham or yourself. At the last meeting of the AWA a set of governing rules and by-laws were drawn up, very simple in form, yet effective. Donations for operating expenses and meeting places are strictly voluntary and not, I SAY NOT - compulsory. Hope to see a lot more of you around....

V.H.F. QSO PARTY * * * Anthracite Wireless Style.

W3ZRQ/$ was set up on Broad Mt June 14-14 for VHF SS party. W3LDV and W3ZRQ set up the gear assisted by W3CMA. later W3KJJ and W3CUK lent a hand at gathering in the contacts. In 18 hours of operating the gang scored 78 contacts, 11 ARRL sections and a final score of 858. This will be average in the higher bracket of club entries (we hope).....

COAL DUST * * Tid-Bits from here & there

The newest of the news is the advent of W3LDV becoming a general op.. Joe was jest like all of us.. Only he wore out 3 hall carpets and two mail box lids together with two cement portch steps. He lost sleep be-fore it arrived,now he's loseing sleep wrk'n the bands.... KJJ found a new way to get 2 more amps of antenna current.. mose of us don't even use 2 amps in the whole blasted shack... CMA got a new mobile to drill holes in..wunder if he will complete the job this time... ZXF is now a High school grad, as wl enter Penn State next yr. look for heim from W3YA cum autumn.... BGF hasn't been hrd on the ether for sum time now as IGH has changed frum 614C to 807's wunder how cum... HKS was local visitor frm Wilmington...RDS was also visitor as wrkd 6 mtrs on his mobile...ZRQ has been wrk'n the telephone over lately.. guess the Bell boys forgot to install the proper sets in the area and R F is a funny thing, it finds the most obscure places to get into... Well luks like this is all for this month, hpe to have more for you next mo.

TO THE LEFT is a map (we hope) It's been copied from a road map and should help U find the AWA FD site..73

NOTE the expiration date on ur license- DON'T let it expire .
