NEED MORE BE SAID

The following poem was cut out of the local newspaper "the Evening Courier who in turn picked it up from the Tamaqua Lions Club weekly bulletin. Boys it fits.

DO YOU JUST BELONG?

Are you an active member,
The kind that would be missed:
Or are you contented
That your name is on the list?
Do you attend the meetings
And mingle with the flock
Or do you stay at home
To criticize and knock?
Do you take an active part
To help the work along
Or are you satisfied
To only just belong?
Do you ever go to visit
A member who is sick;
Or leave the work to just a few
And talk about the clique?
Think this over, member--
You know right from wrong;
Are you an active member,
Or do you just belong?

The above should be cut out and placed in full view, so it can be a reminder to us all.

"DUNNERVETTER"

By Der Perfessor Schitzel-schmidt

I vunder how many klup members are going to miss der field day dis year?????

Yep, field day--its only four club meetings away undt der prezidend has already apernted his committee. Der perfesser has been appointed in charge of shining der antenna insulators dis yr and checking der antenna oil supply. My supcommittee is made hup of all those members who plan NOT to attent, zo at dis time I am calling a special meeting of all those who won't be there to meet one month after der field day und help collect all unused R.F. fer next field daz use. A limited supply vill be also be given to der schweep-stakers in November..

" ANTHRACITE NET NOTES "

Its been almost a whole month now that the AN has been back in swing again and with only one week to go, I am very pleased to state. The Anthracite net has had a very good report, to date, on its share of TFC. On the other hand, the report on new members and trainees has been very lax. A certificate of Gratitude shud be given to the hi-speed ops for QRS to the Nets standard (Tks). TFC shud be submitted within the first fifteen minutes of the net for proper handling. Many QNI have QNX by the time your TFC gets in and then proper QSP is sorta hard for NCS. A report RE: WØ QGG OBS; Jim es I had a sked es I report that all is in fine order. He was worried abt his OBS bulletins interfering with our net and I was wondering if our net was cuzing QRM for his OBS transmissions. Its all cleared up es neither one of us is cuzing undue QRM. Four Roses to Jim es Three Feathers to my collection.

***Eye to Eye with the QNI ***
