RECEIVER HASH

AJP got a RCVR es will be on 3750 Kc. Pse gve Steve a QSO to get started. Steve is from Coaldale, es vy much interested in "Ham Radio. Luck es DX Steve.....KJJ was heard in the rat-race they call DX contest, getting his share of DX es also adding to the KW QRM..... ZXF is almost redy to sport his novice KW (75 watts)....ZRQ is getting redy for his general es going QRO to 300 watts...The sheenies PTM ZRQ,ZXF?KJJ,RZV were at it agn. Quite a bit of ham gear changed hands lately....The Field Day site was given a gud going over by the officers and club members on Sunday,20th...A five foot balloon was aquired and it is hped to be used as a vertical Ant. at FD on 75, abt 1000 Ft. shud be abt rite...ZPW was herd bk on 80 after a long QRT, gld to hve Ubk Roy....YXS has gone VFO es got the bufs out of his 500 watts, puts a potent sig on 75 nw...No news frum the HARC, don't know wats cookin up there.. Car-Le is hving a banquet es ladies nite on Mar. 4 The Tarc is starting a code class, YXS Committee chairman, further details later, any-one interested contact KJJ or YXS..Joe Laurnitis has the Bug and hard at it. Burning the midnite oil on the theory and getting lots of code practice. Hpe CU on the air soon. That abt winds it up for now. Don't forget the Wrapper Staff can't smell your pet news items es if we don't get them by the last week of the month we can't print them. Note..Other clubs..We'll give you a plug if you get your news items to us in time.....Tnx es 73's.

See this empty space here- -The Wrapper Staff did not have anything to put here----Why??????Because you the members did not send in your news article. Unless we get more for next month the Sardine Wrapper will be knocked down another page and perhaps not even have an edition. TNX

DUNNERVETTER * * *

By Blitzen

It has been chust decided to add a little spice to der fish paper to get der funny bone werking und to keep der sardines frum getting strong. So ve vill commence mit der commencement at the beginning.

KJJ,ZXF es ZRQ were vistors at P Wee Why (PVY) in Weatherly during der holidays undt found out that P wee why is not only a FB Op und has a nice shack, but his XYL is also a vunderfull cook und bakes 599X pumpkin pies. Ve were the offical testers.

Ve also see that der German Accent vas not absent ven der trophy committee made up the holiday QSO Contest Trophy, (Won by W3KJJ). It seems that the committee had a tough time picking up a cup, so der next best thing thay cud find vas a small German Beer mug. This vas mounted on an oak base three times bigger then der cup. Complete wid aluminuminum name plate. This vas der bigest undt best dust collector der committee undt der club cud afford. Btr luck next Yr.

Pass der turkey pleeze- Ach nein, not another piece cud I eat yet. Der fixins vas WUNDERBAR, der banquet a sucessful sccess, und ve didn't eat fer 3 days after (or 3 days before). Der fellas had lots of turkey und after all der speech makin und talks by der big shots, ve had plenty of QLF , door prizes fer all etc - etc-

As fer der liars contest, ve found oudt therr are bigger es better ones then us. We were left standing at the post ven they comenced. But ve must say it took another Dutchman to take the honors, a fella by the name of Noble Wolf frum Jim Thorpe, W3WJY. Ve understand he knows der Joe Dingerdanger pretty gud, hpe he tells us aboudt him on 75...

Vel der press man is here und vants der copy, So until next time

Aufweidersein...

RECIVER HASH

AES has finally broken the ice es is on the air wid a 6L6, Luck es DX Bruce.... ZXF was temporarily QRT, his Rcvr was on the fritz, said it wudn't werk but we thought it werkd FB- even in the stand-by position. ORJ has been herd up on fone trying to convert sum of the Mike exciters to cum down on CW es talk wid there fists.. wish U luck Bill....KJJ has been noking them off on 15 lately es has given the bug to RZV who is going on 15....The local boys are going on 2 mtrs, it seems that 75 has to much QRM, this will also give the Novice a crack at fone opratin Who knows- they may werk over the mountains sum time....
