Ye T.A.R.C. SARDINE WRAPPER

Vol 2 February 1956 No: 6
TARC meets every second and fourth Monday of month. ARRL AFFil.
3860 Kc Fone*** Club Frequencies ** 3700 Kc C.W.

We are glad at this time to able to introduce you to your new EDITOR Teddy Theodore alias WN3COW. I can think of no worthier person that the COW to take over the important task of Editing our TARC or otherwise known as the Sardine WRAPPER. You will remember our Editor as the Author of the articles HINTS AND KINKS.. which were enjoyed by many.

The Wrapping is attracting much attention and we hope that you will feel free to write Teddy about any suggestions you may have or any article you wish printed.

The staff back in our composing room will stick by you to the man TEDDY.

At the last club meeting, Feb. 13..Al Breiner, W3ZRQ resigned from his office as Secretary of theTARC CLUB. I am sure I speak the united sentiments when I gratefully acknowledge the time and effort you have given to the club, Al.

It will be a source of deep satisfaction to all to know that, so far as possible, your club membership and cooperation will be continued. Please accept our most sincere thanks for the splendid way in which you have handled your position in the past.

EX EDITOR WN3CMA

It was recently brought to my attention that as your newly elected activities manager to date I had not disclosed my plans for the on coming year. I have a statement to make at this time. "For all of you that had the misfortune in voting for me, or shouf I say, had a mental lapse at that time, I give you my deepest sympathy. To thse that did not vote for me; I under estimated your intelligence, YOU BUMS." HI HI

At this moment actually very little is planned in the way of activities. We have our very learned and ever ready friend KJJ who will tach theory or should I say pound theory into some of our heads for 25 to 40 minutes each of our meeting nights. Also our good brother CMA who shall at any occasion fill in the Math. end of our meetings. Speacking of meetings I think they should all be on the short and sweet side. Don't you? Leaving sufficient time for Theory, Math, Code, or General Discussion. One of the most important activities I would like to see and actually be a part in starting is an actual work period. If you are having trouble with any of your equipment and can possibly bring it along with you, do so. I'm sure we can all certainly benefit by each others Bug-a-BOO.

One more problem which I wish each of you would think about, is the transmitter hunt. We never went on. I don't mean it to sound that way. But, we should by all means decide once and for all, and for the future just exactly which we intend to try and do justice to. The 2 meter -6- 10- 20- 40- or 75 meter bands. I, myself havenone of these, as yet. I fully intend to murder one of them. It certainly would be nice to know that if and when we get to this stage or whim in amateur radio that our fellow hams or brother's in the TARC will be working each other on the same frequency.

In the not to distant future of course will be that never to be forgotten "Field Day" also our "Annual Picinic". So fellows as your activities manager I'll do my utmost to out perform your last years manager Roy (ZPW) which will be a job in itself. But with your cooperation and ideas I'm sure we can run him a close tie. HI HI HI. Feel free at any time to give me your pleasures for activities that will continue to make TARC the wonderful organization that it shall always be.

73 's luck WN3COW

P.S. I was actually supposed to write on our 2nd Annual Banquet but as I was only a very small part of it I felt I could not do it justice. For my money it was the best. Also the person to write it should be Al (ZRQ) who had to carry the burden of the show.

THE CARBON ARC BRIEFS

By BNR

New officers for CARBON ARC for 1956 are: Pres. W3UEU..V.P. W3OWP...Activities Mgr..W3AMC...Sec.Trea...W3AIW.....BNR took 1st placé for E.Pa. agn in the Oct. CD QSO Party and stood in 8th place for the country in fone operation. ~~HAH~~ Looking forward to the January party. -...- Now that sail-boating is finished for a while the Admiral is ding a lot of talking abt ice-boating. To bad he doesn't have skids on the bottom of his boat-...- Was pageing thru the call book the other day and found the following calls as listed for peoples in the Lehighton area. W3's ASJ..NYL..WBO. and novices WN3's YWP..ZOH..ZOT. There are six prospective members for the club. Someone should investigate and get the scoop.. Tonight is the night for the Hamfest and I predict that WJY will win the liars contest; COW will win the cheese eating contest; ZRQ will win the elbow bending contest-...- -...-

RECEIVER HASH

I certainly hope one of you will explain to our two new generals EEK es FLT that CQ NR was not traffice for New Ringgold, Pa. Copy taken from QSL CARD received from Minnesota by COW. "Hpe to WRK U agn some time TED BCNU. P.S. Hpe this cord reaches U ok if not Plse let me no 73's Bob
Wonder if N8CSR got a new bottle for hir rig, we havent heard from him in quite some time now. Hometown now has another potential TVI generator, W3YXS has moved to his new QTH in Hometown, good luck Wally. W3LXY from Pottsville expects to be on the air with a new 500 watt Globe King rig. W3ZPW is QRL as Trustee of the New England Fire Co. and doesn't get much time to get his Viking Ranger on the air. W3ZXF was heard trying to get the Foney procedure down pat on 75 a few Sundays afo. N3CMA is working out nicely with his Globe Scout on 80. Gess W3ZRQ will have more time now to work his mutilator on 75 foney. Wonder what is wrong at W3AKF, we haven't herd Marvie on 75 in quite some time, understand hes not in good health. Come on Marvin, get that lil Elmac back on 75. Hear Joe N3CUK working em on 80 cw at times. Having much trouble with sky-wires Joe? Understand N3FLJ is getting a VFO as soon as the General arrives. W3RZV is QRL as reporter for the Allentown Morning Call, but manages to get on with the Gang on 75 during weekends. Hear via the grapevine that Ted Kester, W3RLC is now out of the Service and expects to be in Tamaqua for a while. Welcome back Ted. W3KJJ installed a new Lo-Pass filter in his KW rig and at the presetn time is punching a hole on 7205Kc foney.

A MESSAGE FROM THE PRESIDENT

by Karl W3KJJ

Did you attend the TARC 2nd Annual Banquet? If not, you missed one of the finest affairs this region has seen in a long time regarding Amateur Radio.

I want to take this means to thank the members of the Committee, those who donated prizes and any one who helped in some way to make the banquet such a wonderful success.

Congrats to the following Novice boys who took the General exam and passed the night of the banquet. CMA, EEK, CPR AND FLJ. Gud luck boys and good hunting.

We are very sorry to announce the resignation of our very able secretary, Allen Breiner, W3ZRQ effective Monday Feb. 13. Thanks for a job well done Al, we are sri to lose your valuable services.

Tony Sarli, CMA was elected as the new secretary of the TARC es Teddy Theodore, COW was appointed Editor of the Sardine Wrapper so lets all help Them make their new positions a little easier by giving them your fullest cooperation in all club affairs.

In several weeks the Blue birds will be making their appearache in these regions-do you know what this means?Yes, you gessed it-time to get prepared for FIELD DAY so lets start working on this rite away, as the lessons learned at FIELD DAY may help you and your Community in time of disaster or emergency which can happen any time. For ex. the floods of August. Lets go members of the TARC.

73's KJJ
