EDITORIAL By Tex Dallas RZV Club President....

The potentiality of Amateur Radio in it's true light has never been appreciated, or even understood for that matter, by the public. The good that can be derived by the public as well as club members is unlimited. Since the banquet, this writter has had numerous inquiries pertaining to Amateur Radio, its purpose and activities. The greater majority who inquire are grown-ups. So you see we not only have the youngsters, but their parents as possible active members. It is up to us as members to continue the activities in all fields pertaining to Amateur Radio.

We are all aware of the tension that exists thru-out the world to-day. For this reason we should further our activities in Civil Defense. We would like to s ee more Schuylkill County members report into the Eastern Penna. Civil Defense Net every Sunday morning at 8:30. We now have 3 members reporting, but that isn't enough. Other counties realy show us up. Lets put TAMAQUA on the air so they know we are here.

The Annual Field Day exercises will be comming up in June. This will be a good time to get out and get some good practical experience in emergency work. Don't say"Let Tom or Joe do it" Come out, even if its only for a few hours. It helps encourage the group as a whole.

If you have any ideas for activities, don't hesitate to till them to the activities manager so he can present them at the meetings for approval. Let's go! See if we can't live up to Mr. Nossall's statement in regards to doubling if not tripling our members by next year. If each and every one works together toward that goal, we can't help but succeed.

Ur DX Column By K.W. Pfeil

Not much to report this month cuz time was short to gather material. Don't forget OM's get your best DX in to this bureau for the comming month. We don't care if its Florida,New Jersey or Podunk Hollow, the main thing GET IT IN. By the way,15 Mtrs is a gud bet for that comming week-end for sum nice DX, fone or CW. This band is usually Vy active on week-ends and you don't need much power to get it. See you next month, 73.

Sri gang thats all fer nw. Give R editors Ur dope es CU Jan.24
