T.A.R.C.

=SARDINE WRAPPER=

July 1956

Club freq. 3700 CW * * * 3850 Fone.
Meets every second and fourth Monday.

*****SPECIAL NOTICE*****
TARC MEETING CHANGED TO JULY 16th instead OF JULY 9th **********

FIELD DAY

The TARC Field Day scores were as follows: 80 CW--130 contacts---780 points--75 Fone--25 contacts--150 points--40 CW 100 contacts--750 points--25 points for message--TOTAL Of 255 contacts 1680 points. Nice going boys for a job well done. The committee wisheds to thank everyone who helped in any way whatsoever for makeing the Field Day a success. Field Day started as all the others-everyone working and keeping an eye at the sky. Old mother nature did not disappoint us--late in the evening the rains came. Good thing ZRQ had Wallys tent to hide in. That is where he operated from. The tent contrart to some reports--did not leak one bit--the only thing that leaked out were the dits and dahs. Food and refreshments were gud-everyone filled up.

TARC 2nd ANNUAL PICNIC

The club decided to beat the Hurrican season this yr. The picnic will be held same place-Frantz's Grove, New Ringold, Pa. on July 29-Bring Ur Baskedt lunch according to UR appetite-Refreshments and entertainment is prepared and furnished by the Club. Put a Big TARC on UR calender for July 29--9 AM till????? Cum erli--Stay late-AR

RECEIVER HASH

What happend to the bald spot of our gud neighbor and fellow ham W3WJY. It seems tthat the laying of keels and uses of white lead are limited to only a certain few. We hear that W3RZV is QRC at t the Valley View Swim pool DX all the locals. The blooming Limey W3EEK is now SSB with and earphone as a mike. We hear that W3FLJ had rig truble for a while. Gud to hear you ORMing the ether. W3CMA has a new set of antenna coilsand a new all-band antenna is in the planning stage- ditto W3YXS and W3ZRQ. W3ZXF's Globe Scout has been revised and really puts out a potent 65 watts. W3KJJ is hopping around the bands with his all - band antenna and is having lots of fun.W3ZRQ is still working the AN net and is now contemplating being net control for Schuylkill County on the EAF net. All Schuylkill County hams give W3ZRQ your support and call into the EAF net 3997 KC 8:30 AM Sunday morning. W3YXS is working out on 10 mtr. fone mobile when the band is in. Best DX so far is Kansas City, Kansas. WN3COW is still looking for permission to go on 6 mtrs. Waiting is most of life Teddy. W3PTM is now 25 wts on 2 mtrs and is having a wonderful time QSOing the Carbon Arch boys and some local DX. Also we see he finally got permission to put the whip on the new car.W3CPR is trying to make a pr of 1625's blush by putting 150 wts into them. W3CUK is now sporting a new boss. What does he think of Hams Gukie? W3CSR is still QRT according to all the locals. When are you going to chase all of those Tennessee Valley Indians around Hometown Harry? W3LKY's new rig was heard on field day and the points were appreciated Joe. W3OML QSYed from the second floor to the cellar. Watch out for any damp spots herb we want you around for awhile. Hear one Hear all W3ZPW is planning to go back on the air with that expensive rig he has let collect dust for all these months.

FOR SALE

For Sale one BUG $7.00 see W3KJJ. For you fellows that don't know what a BUG is go out in the woods and you'll find a lot of them.

NOTE : Keep ur club dues up to date. Luk at ur card.

Hershy Park Aug-12 Picnic

The summer season is here and gess we're stuck wid it, as hot as it is. Vacation has cut our TFC quite a bit but I must congratulate the fellas who stick to it for the summer months. We welcome W3DUI as W3VZJ as NCS. DUI is OT as VZJ is Jim frm Kingston area. All doing FB job.

A picnic note * * W3UWP reports that the Bux are not cuming in as gud as expected. All ops planning to attend pse register as send in ur peso to Jack W3 UWP. so we can get a gud assortment of loot fer door prizes.

The asso. that prints this paper is holding their picnic on July 29 and has invited the A N net members to attend. Further data listed else where.

Hi-man on the totem has finally changed to W3TSY as he shall recieve due reward at the picnic (a Burnt 807) .

Jim VZJ is NCS fer the Wyoming Valley net, it meets mondays 3585 Kc.7: PM. He wl welcome outside QNI. AN 73 Al.

* * "OUR CLUB" * *

By Al W3ZRQ

For the first ~~stetament~~ statement of this article let me say that it is NOT a thorn thrown to any ONE Single member but the membership as a group. IT SEEMS TO US, in the past few weeks there has been quite a bit of hard feelings stired up in the club and if we are to hold this organization together this childishness should STOP.

One of the pet items of discussion is the "Sardine Wrapper". To those who don't like the way its printed- (pse read last months article" Do you want to be an Editor") From time to time we have openly appoligized to anyone whom toes we steped on. We still write the news as we see'em.

One of my pet peeves is the activity in the club (No reflection to the Act. Mgr). There have been various committees picked for a number of club activities; as a few, jest what happened to all that Tecknical discussion we were to have during the cold wx. I don't see any snow on the ground now. The club has a Grid-dip meter under construction, Has ani one used it yet? A 6146 tube was donated to us for raffel and make sum funds for the club, Who was the lucky winner ? Should I go on ? I know I'll get my neck cut frm ear to ear now but I'm still not finnished.

Regards the Wrapper. We have been gettin digs from all angles but none has cum to a solution. As afore stated, it always falls in the hands of a few active members to edit, print and publish the club rag. As it so happens , I happen to have an article or two in each publication ecept one. As a last resort from this end I am asking each member to send me a post card with the following data.

1. Do you like the club paper "Sardine Wrapper" ?
2. What articles don't you like ? (frm following list)
3. What articles do you like ? (Number in order of preference)
4. Should it be discontinued ?
5. What should be added to improve it ?

LIST

1. Tecnical articles
2. RCVR HASH
3. Editorials
4. DUNNERVETTER
5. Anthracite Net Notes
6. Carbon ARC Breifs
7. General discussion articles
8. (Anything U think will help)

Unless I get at least 90% return on these post cards, I shall take it that your attidude is negative and I shall write no more articles for our club paper. I'm sure the editorial staff will also feel that this paper is just a waste of time on our part. Now its up to you the member to do your part. We're not asking you to make up an article for the Wrapper (But it WOULD help) but just let us know in a post card addressed to me Al W3ZRQ , 212 Race Street Tamaqua. In August the club will be 2 years old and in that time we have always written to you each month. I think in two Yrs. we deserve a card from you.

Field day is now over and it to had its pet peeves, moans and gripes. We had 'em to but are now over them and planning on next FD. We do say any future FD's will never be like this one or last yrs. The club picnic is planned for July 29. Wat sa fellas lets help the committee make it a sucess. C U there
